Tacoma, WA, September 15, 2004 – CHARTCARE, Inc. announces that **Delaware Valley Pediatric Associates** of Lawrenceville, NJ and **Pediatric & Adolescent Care of Silver Spring**, MD, both billing and scheduling Customers of Physician's Computer Company (PCC), have entered into agreements to implement its #1 KLAS rated Electronic Medical Records (EMR) solution. Both Customers have acquired CHARTCARE's EMR software, implementation servers and required hardware including tablet PCs accessing the EMR solution across a secure wireless VPN network.

BRANCH OFFICES:

"We are looking forward to using CHARTCARE to maximize the quality of our patient care, the quality of documentation, and the critical access to medical information", said Jeffrey Bernstein, MD, lead physician at Pediatric & Adolescent Care of Silver Spring. "We are confident that once fully implemented, we will be able to make more efficient use of staff resources currently devoted to creating, maintaining and searching for paper charts."

SPOKANE, WASHINGTON
SUPPORT 1-800-359-3893

"We were very impressed with the calibre of the CHARTCARE sales team", said Harris Lilienfeld, MD, lead physician at Delaware Valley Pediatric Associates. "Our group valued CHARTCARE's professionalism and responsiveness. That, in conjunction with the experiences of another CHARTCARE / PCC Customer – Eden Park of Lancaster, PA, provided us with the confidence we needed to choose CHARTCARE as our EMR solution partner."

Both practices have begun the implementation of the EMR solutions commencing with all requisite hardware installed during the month of September. Change management services and EMR application related training will commence during the last week of September. The goal is to have both sites in full operation by Thanksgiving. CHARTCARE will also be working with PCC to implement an interface for patient immunization information. CHARTCARE staff are working in concert with the staff at both practices to ensure minimal interruption at the commencement of the busy flu season.

"We welcome both Delaware Valley and Pediatric & Adolescent Care to the CHARTCARE family," said Dennis Niebergal, president and CEO of CHARTCARE. "We look forward to working with both Customers and to delivering a positive experience equal to that at our first PCC Customer site - Eden Park Pediatrics."

About CHARTCARE

CHARTCARE, Inc. (www.chartcare.com) has specialized in software development for the ambulatory physician market since 1984. CHARTCARE received the 2003 '**Best in KLAS**' Award for being North America's highest rated Ambulatory EMR for groups of 1-25 physicians. CHARTCARE received this Award because its software functionality allows for the delivery of high quality healthcare with enhanced patient safety while allowing physicians to practice medicine their own way. Some customers have been using CHARTCARE's EMR on their secure, in-house servers for over 19 years. CHARTCARE has branch offices in the United States and Canada, with its Head Office in Lakewood, Washington, a suburb of Tacoma.

###

This press release may contain forward-looking statements, including those that may be related to revenue and net income that involve a number of risks and uncertainties. Among the important factors that could cause actual results to differ materially from those indicated by such forward-looking statements are volume and timing of systems sales and installations; length of sales cycles and installation process; the possibility that the products will not achieve market acceptance; seasonal patterns of sales and customer buying behavior; the development by competitors of new or superior technologies; delays in product development; undetected errors or bugs in software; product liability; changing economic, political or regulatory influences in the health-care industry; changes in product-pricing policies; competitive pressures; general economic conditions.
